Rutland

Business College

Vermont's leading and largest school of business training. We teach Shorthand, Typewriting, Filing, Dictaphone, Office Training, Bookkeeping, Penmanship, Spelling, Arithmetic, Adding Machine, Common Sense, etc. We have been established here for more than 30 years, and a multitude of successful young men and women can testify to the thorough training received in this school. Day and night sessions. Students enter any time. Ask for information.

L. J. EGELSTON, Prin.

Rutland Street Guide and House Directory

Copyright 1924 by H. A. Manning Co.

Containing a full list of streets and roads, with the buildings, dwellings and stores located thereon. Where the houses are not numbered and where streets connect a dash is inserted indicating whether on the right or left side of the street; where the street crosses we have inserted two dashes.

Left Right

Maple Sugar Making Utensils

Most sugar makers tell us they get more real profit from their sugar orchards than from any other part of the farm.

The Grimm Evaporators, special coated buckets, covers and all other Maple Sugar Making Utensils we manufacture are sold on their merits.

If interested, ask for catalogue.

G. H. Grimm Co.
Rutland, Vermont

REACH THE
New England Business Man
through the
**NEW ENGLAND BUSINESS DIRECTORY
AND GAZETTEER**

Since 1856 this Directory has been the "Business Man's Guide"—

It contains a carefully compiled list of over 300,000 individuals or firms doing business in the New England States, arranged alphabetically by business in each state.

The Gazetteer Section gives concise information about every city, town and P. O. in New England, their location, population, R. R. and other connections, etc.

The detailed information in nearly two thousand advertisements, carefully classified and cross-indexed, is a valuable feature of the work.

Rutland Directory 1924

RUTLAND

HISTORICAL—Reminders of the peaceable Indian tribes who once inhabited this section are found in the Indian names applied to lakes, islands and mountains. Rutland is replete with historical importance that it is impossible to even touch upon in a limited article such as this must of necessity be. Rutland was settled in 1761; made a city in 1892. The growth has always been steady and the present population is estimated at about 17,000. As with many other cities, the coming of the railroads brought great changes. The center of the town was originally located on the high ground through which Main street runs and the leading stores of Rutland County were located there. The remains of this trading center are still standing at the corner of West and Main streets where the village grocery store is still doing business. The more pretentious and quite metropolitan business section is now located on lower ground $\frac{1}{4}$ mile to the west.

TOPOGRAPHY—Rutland is beautifully situated in a broad valley between the Green Mountain and Taconic ranges which opposite this point reach majestic heights culminating in Mt. Killington, twelve miles to the east, 4,200 feet, and Bird Mountain, six miles to the west, 2,000 feet. There are also many other notable and beautiful mountain peaks in plain view a few miles from the city. It is a natural cross-roads of traffic in all directions and the only one within many miles. There is abundant room for growth and within a few miles there are lake resorts and mountain drives. Nature has bestowed with a bountiful hand and with the minimum of human effort Rutland can be made one of the most beautiful cities in the country.

NATURAL RESOURCES—Rutland is surrounded with mountains of wealth. The largest marble quarries in the world; the largest slate quarries in the world; fire clay; undeveloped deposits of talc; copper, iron ore. Water power enough to furnish "white coal" for any and every industrial enterprise that might locate in this vicinity can be developed. The surrounding territory of Rutland is essentially an agricultural and dairying country.

TRANSPORTATION—Since the coming of the steam railroad Rutland has always been important as a railroad center. The headquarters of the Rutland Railroad have always been in this city, as well as the repair shops. Lines extend to Bellows Falls with connections to Boston and Connecticut Valley points and New York City, also lines to New York City via Bennington and Troy, N. Y., northern connections to Montreal with a western terminus at Ogdensburg, N. Y., where connections with Great Lake steamers are made. The Delaware and Hudson Co. have the terminus of two branches here connecting with main lines at Whitehall, N. Y., and the Eagle Bridge division from Troy, N. Y. Clarendon and Pittsford Railroad from this city to Pittsford, 7 miles. There have been surveys for a railroad across state to Montpelier which will no doubt be constructed some time as there is real need for it. Electric railways connect Rutland with West Rutland, Castleton, Lake Bomoseen, Fair Haven, Poultney and Granville, a belt line system gives adequate service about the city. It is the greatest railroad center in the state.

INDUSTRY—Rutland has a solid industrial foundation with many old and established manufacturing concerns. The leading products manufactured are scales, coal handling machinery, trucks, letter presses, dairy machinery and apparatus, adding machines, marble finishing machinery, stone working machinery, lathes, brass and iron foundries, wall plaster, planes, sugar makers' machinery and supplies, fire clay products and asbestos, car repairing, locomotive repairing, lumber, cement blocks, bricks, building and monumental marble, steam boilers, structural steel bridges, awnings, sand pumps, shirts and collars, rugs, carpets, mailing boxes, cereal cartons, silos, chair stock, doors, windows, women's clothing, cigars, sleighs, carriages, flags, derricks, books, antiseptics, confectionery, paper clay. Products of Rutland manufacturers are sent to all parts of the world and many a piece of machinery manufactured here has done its bit in France during the four years' war. Industrial labor troubles are unknown in Rutland. It is the greatest manufacturing center in the state. Refer to colored advertisement section for further details.

FINANCIAL—With nine solid and progressive banking institutions, with capital and surplus of \$2,000,000 and total deposits of \$14,000,000 and annual bank clearings of \$54,000,000, Rutland can truly claim an exceptionally strong financial foundation. By consulting the colored advertisement sections it will be seen that these banks are unusually strong in deposits and reserve for a city of this size.

COMMERCIAL—The stores in Rutland are in keeping with its position as trading center of 75,000 people in the immediate vicinity. They are progressive, growing with the growth of the community. The office buildings are unusually good and are really leaders in a modern and greater Rutland. As a wholesale center Rutland dominates for a radius of many miles. Up-to-date theaters furnish amusements to out-of-town shoppers as well as local residents.

THE FUTURE—Nature made Rutland what it is to date. The cuts in the mountain ranges where railroads and highways must traverse were made there for the purpose of getting to Rutland. The development of these natural advantages lies with the inhabitants of this region and to properly forecast the future one must know the character of the people who must make the future. It has been said by the greatest thinkers that Rutland is still undeveloped. Some of the leading men here say they wish they were young again to take advantage of the opportunities to develop this rich country; they cannot and it remains to be done by the younger generation. Rutland has now arrived at the size where things can be done and the next twenty years will see great changes in Rutland. There is going forward rapidly the immense development of the repair department of the Rutland Railroad, the industries are growing, opportunities for new industries were never brighter. The Merchant's Association has made Rutland a well lighted city which impresses the stranger. The schools are good and excellent water, coupled with the push of the citizens, will make Rutland the greatest city in the state in the years to come. For further details about Rutland write the Rutland Chamber of Commerce.

STOP AND CONSIDER THE ADVANTAGES
of Being Insured in the

STATE MUTUAL FIRE INSURANCE COMPANY

Rutland, Vermont

Lowest Annual Rate of Assessment

Lowest Loss Ratio

WHY?

BECAUSE it REJECTS the more Hazardous Classes of Property
BECAUSE its EXPENSE of Management is SMALL

Ask us to give you rates on either the Mutual or Non-participating
plans

Putting the Out-of-the-Way Business on the Main Street For a Few Dollars

The business that is upstairs in some building or off the beaten trail can overcome its location—can put itself on the Main Street of Public Attention by advertising in the City Directory.

Your advertisement entitles you to be listed in heavy type under all of the classifications of your business in the Directory. This makes your business **STAND OUT**.

Thousands of people consult this buyers guide every year.
